

Thailand Research Education Network (ThaiREN)

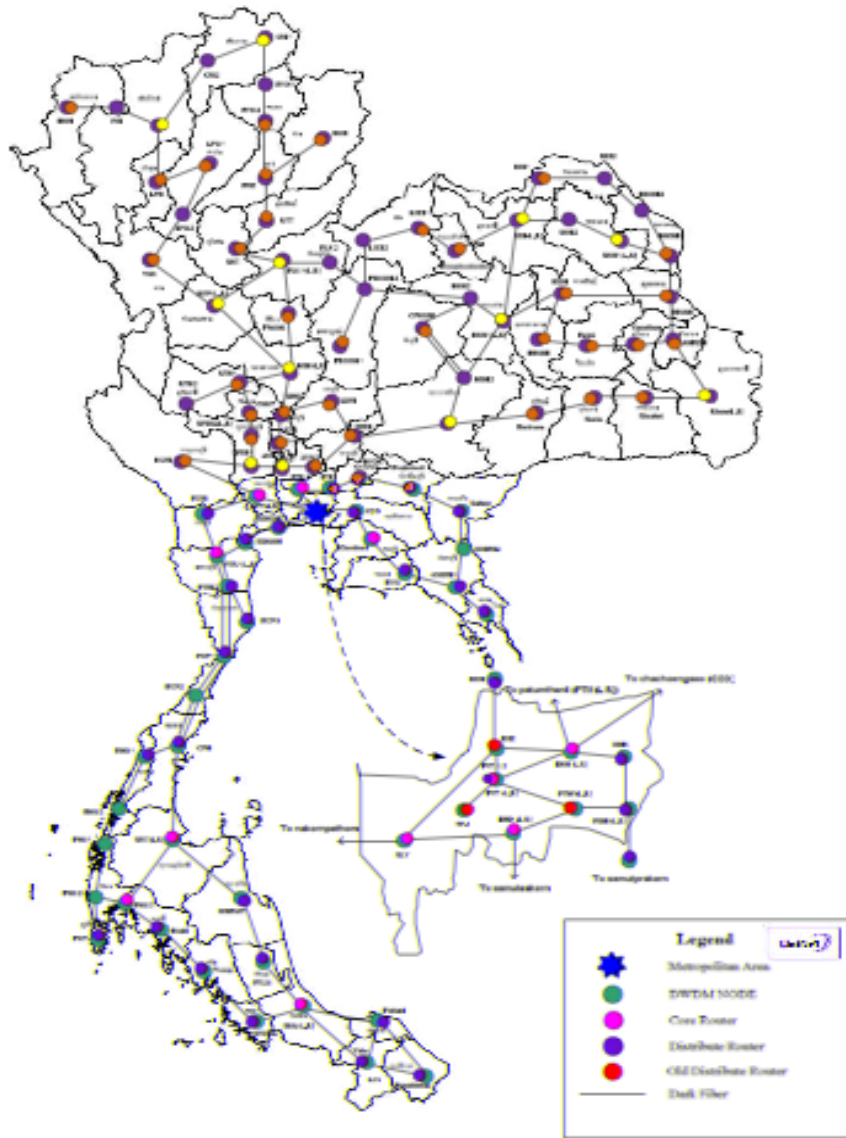

ThaiREN

Thai Research and Education Network

➤ ThaiREN was established in 2005 to coordinate among research and education networks in Thailand as well as collaborate with international R&E networks.

National R&E Backbone Network

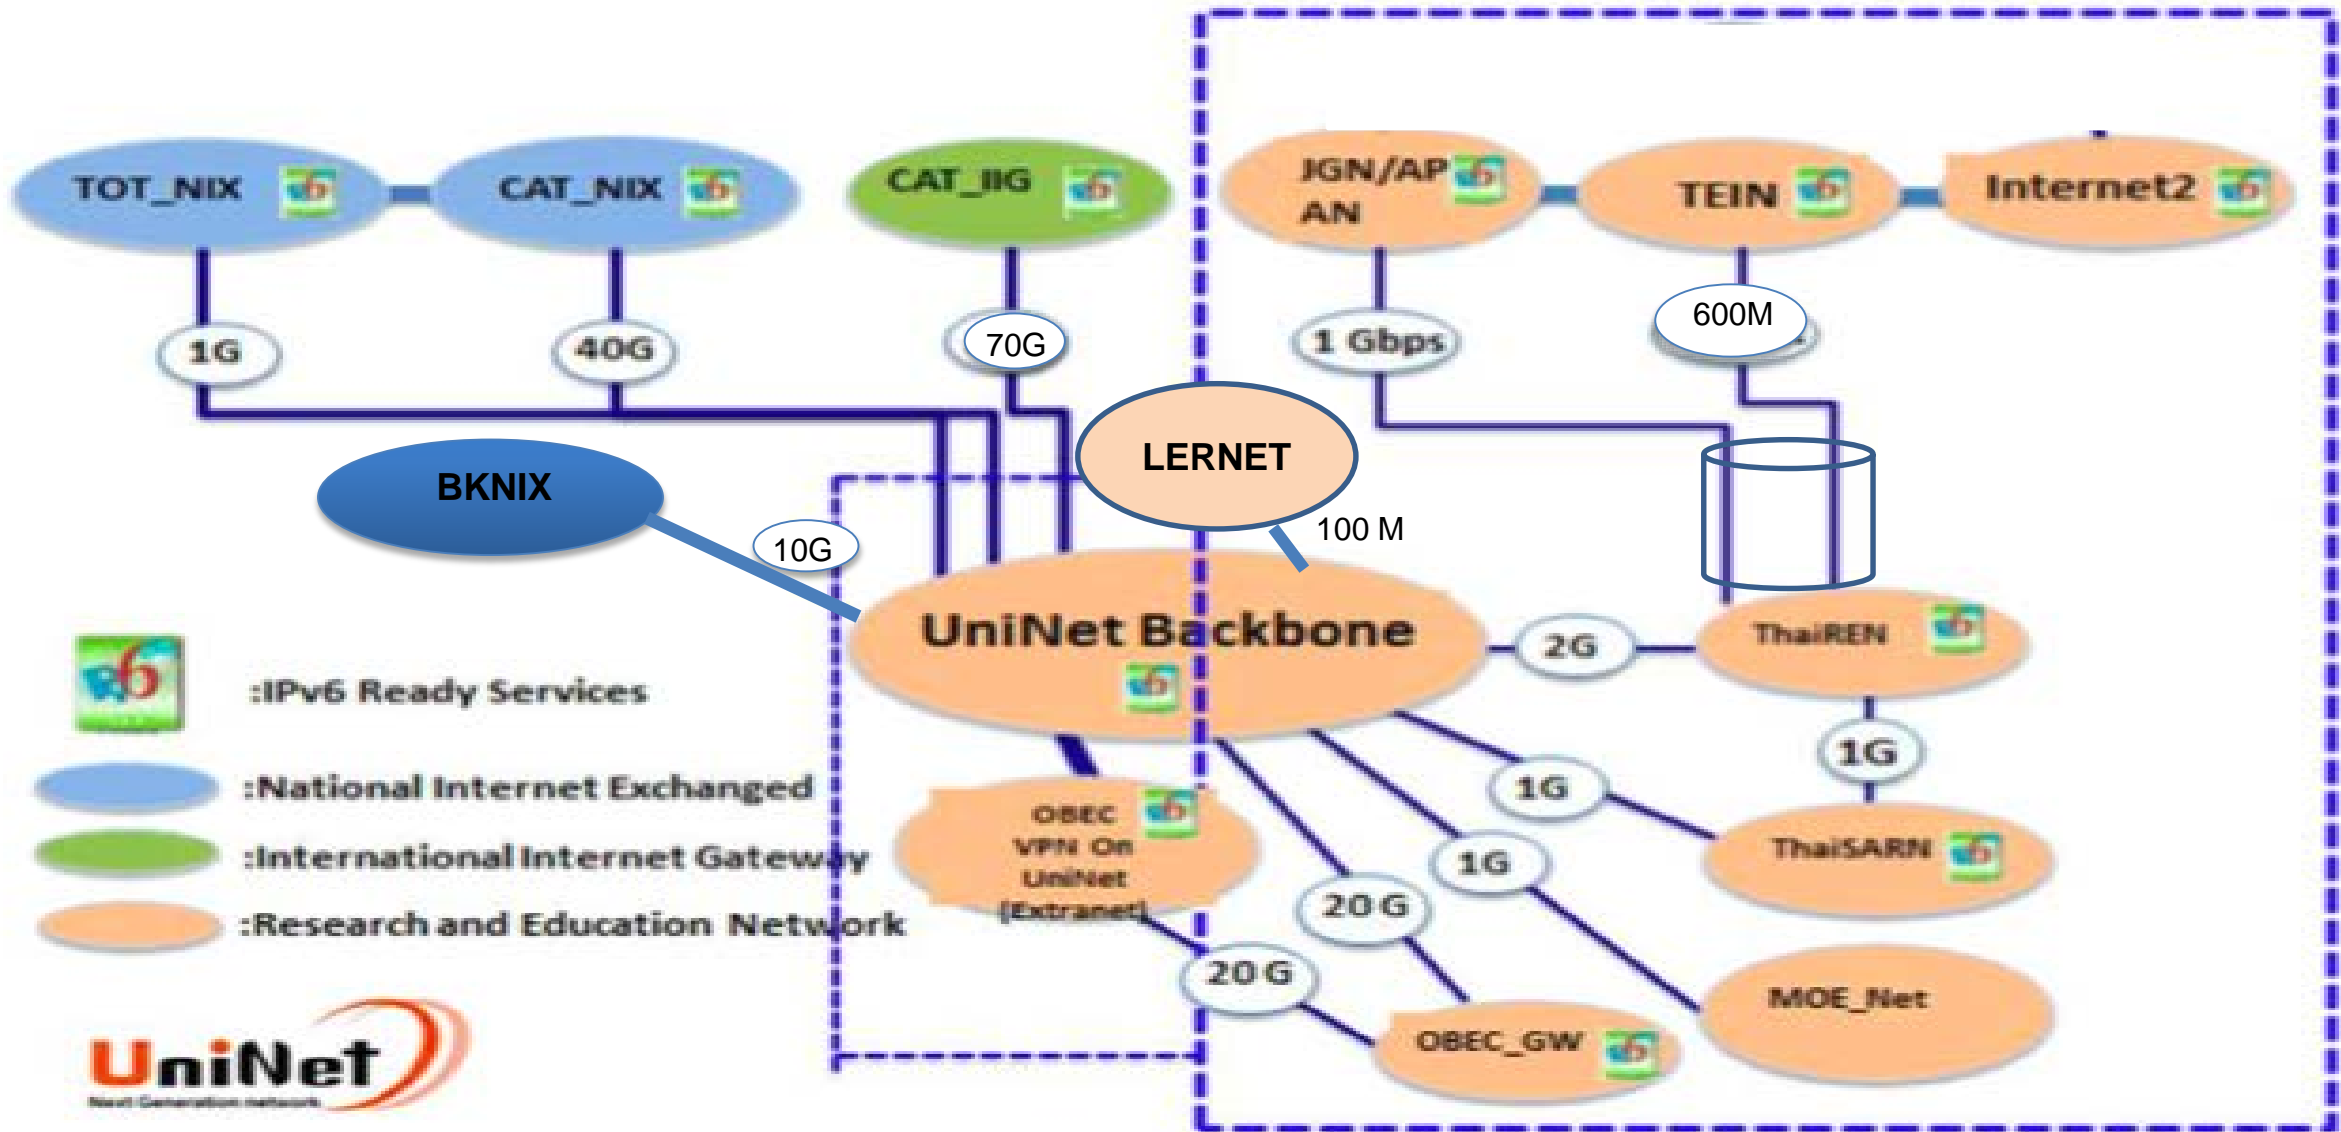

About 66,000 km of optical fiber cables have been installed.

- Optical Network Backbone with DWDM @ N x 10Gbps
- Fiber to the University @ 1 - 2 Gbps
- Fiber to the school @ 10 – 100 Mbps
- Public libraries @ 10 – 100 Mbps
