

Soundscape Analysis Workshop
Venue: University of Philippines Cebu
Date: 23~25 September 2019

Day 1: 23 September 2019

Time	Speakers	Subject
9:00-9:10		Opening remark
09:10-10:10	Tzu-Hao Lin	Studying the dynamics of marine ecosystems using an integrative approach of ecoacoustics and informatics
10:10-10:30		Break
10:30-11:00	Tomonari Akamatsu	Soundscape phenology in coral reef
10:00-11:30	Colin Wen	Human disturbance on fish, fisheries and marine soundscape in an intertidal coralline algal reef, Taoyuan
11:30-12:00	Leszek Karczmarski (or Stephen C. Y. Chan)	Spatial variability of marine soundscape and habitat utilization of Indo-Pacific humpback dolphins in Hong Kong waters
12:00-13:00		Lunch
13:00-13:20	Yuen-Wa Ho	How to explore long-duration recordings?
13:20-14:00		Hands-on practice
14:00-14:20		Break
14:30-15:00	Tzu-Hao Lin	Soundscape Viewer: a tool for exploring soundscape dynamics
15:00-16:00		Hands-on practice
16:00-17:00		Open discussion
